About Us

The largest mask production plant in Europe is Fago Medical San. And Tic. Ltd. Sti. As of may 2020, "protecting yourself is protecting the world!" with its motto, we were built to be number one in exports in the production of 100% domestic and national masks.

Our factory continues its production of masks in 2,000 m2 areas, today at its 15,000 m2 facility. Our factory is built with 50 administrative personnel and 350 employees, with the capacity to produce 105 million masks per day, 3.5 million monthly, and is built with 100 percent ultrasonic, latest and advanced technology, producing and selling masks to the world.

Fago Medical serves European standards in all processes from raw materials to production, packaging to storage. The primary principle is always healthy, quality production and unconditional customer satisfaction.

Our Quality Policy

To ensure and execute the applicable conditions by constantly checking the effectiveness of the ISO 9001:2015 Quality Management System and performing the continuous improvements as required,

- * In the products and services we provide, keeping customer satisfaction to the highest level,
- * To ensure the resources and continuity required for continuous training of our employees,
- * Creating a safe, healthy, efficient business environment.
- * Keeping all of our quality-building work in line with the evolving technology, constantly in control, ensuring that the firm can be optimally moved, To ensure and execute the applicable conditions by constantly checking the effectiveness of the ISO 9001:2015 Quality Management System and performing the continuous improvements as required,
- * Successfully compete in domestic and international markets without compromising quality,
